OWNER'S BACKGROUND:

Net-Centric Enterprise Solutions was founded by Duane R. Dallachiesa a former U.S. Marine and government contractor employee. Duane has worked with large government contracting companies since 2001. Customers such as Marine Corps Systems Command (MARCORSYSCOM), Department of Information Systems (DISA), Department of State (DOS), Department of Immigration and Naturalization Services (INS) and the Department of Homeland Security (DHS). Performing in all facets of the IT industry from field installations to information technology lead positions, Duane knows what it takes to accomplish contract goals and satisfy its customers both from an engineer and management perspective. He holds a B.S. in Decision Sciences and Management Information Systems with a Minor in Information Technology from George Mason University located in Fairfax, Virginia.
